PURE NATURAL FLORAL
CONCRETES & ABSOLUTES

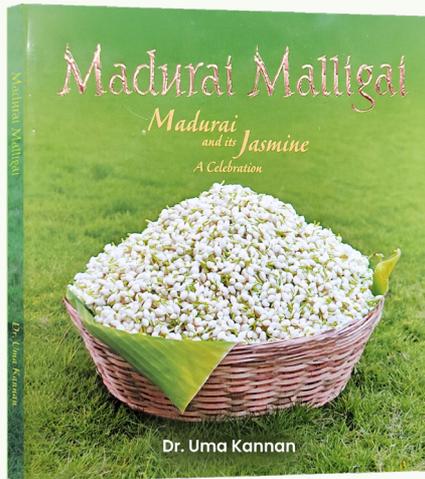

OVERVIEW

We manufacture high quality floral concretes of Jasmine Sambac, Jasmine Grandiflorum, Tuberose as well as other plant based extracts. All our products are of the finest grade international quality.

OUR ADVANTAGE

- Our production and practices are sustainable and we are committed to bettering our environment and community.
- Our supply chain is fully transparent.
- The soil in the Nilakottai region is rich in sulphur and laterite. This yields the best jasmine flowers and unique fragrance.
- We have a strong relationship with the local farmers and have first access to the higher quality flowers.
- As a group we are committed to providing quality education to all sections of society, and our institutions are run on a philanthropic model.

ABOUT MMF FOUNDER

Uma Kannan has a doctorate in socio-cultural anthropology. She is passionate about Indian art, culture and flora. She is the founder of Madurai Malli Fragrances, a premium, pure natural fragrances and flavors extraction business that aims to bring farm direct, high quality natural fragrances to the market.

Uma is actively engaged in several innovative educational, social and philanthropic initiatives that address the challenges faced by rural artisans, disadvantaged women and children. Her interests span several areas, including writing, mentoring students, creative design and developing floral fragrances. She is also actively involved in the revitalisation and preservation of traditional Indian arts and skills, and in helping artisans create innovative design concepts to sustain their traditional occupations and earn sustainable incomes.

She is the author of **Madurai Malligai**, a first of its kind coffee table book that celebrates Madurai and its jasmine. www.maduraimalli.com
